Eligibility Requirements:

- Must be a current, full-time undergraduate student attending a 4-year college/university or a 2-year technical school enrolling in the upcoming Fall semester in one of the following areas of study: construction management, construction engineering, real estate, engineering, architecture, interior design, finance/accounting, information technology, human resources, marketing, law or business management.

Evaluation Criteria:

Academic performance, financial need, involvement in organizations and activities on campus, community involvement, and essay responses.

Application Information Requested

Please attach resume, resume should include the following information OR provide supplemental documentation.

- **Applicant Information:** full name, address, phone, and email.
- **Curriculum Information:** name of college/university, current year, graduation term year, major, GPA, graduation term year, emphasis, and minor (if applicable).
- **Activities:** any organizations, student chapters, university clubs, community service activities, or groups in which you have been an active member / participant. Highlight organizations where you have held (or currently hold) a leadership position.
- **Work Experience:** any internship, co-op, or work experience related to your field of study. Distinguish if you are currently working while taking classes.
- **Honors:** received honors or awards
- **Financial Need:** state any special financial need if any and provide a short response on how you plan on using the scholarship funds.

Please attach responses to the following essay questions. All applications should include a response to question #1 and #2. Please have each question be 500 words or less.

1. What are your immediate career or professional goals post-graduation?
2. How do you 'Build More'?
   a. Team Opus **builds more** than buildings. Together we work hard to build teams, client relationships, careers, communities and a whole lot more. The combination of our people, culture and unique project delivery method are why associates join Opus, and why they stay. So, how do you build more?
